

Virtual Visit Presentations

- **Virtual Visit Presentations**

Audience: Any age group

Length: 30-45 minutes, depending on age group

Author Virtual visits are fun & educational, and are a wonderful lower-cost alternative if an in-person visit isn't possible. These virtual visits mirror the fun content of Laura's in-person presentations, with an interactive book reading for younger audiences, and examples of how to find story ideas, the writing process, revision, publishing, and ending with Q & A with the students. Please use the contact form on Laura's website to get in touch for details and honorariums.

- **Free 15 minute Virtual Visit Sessions**

Laura also offers 15 minute free virtual sessions during the year as well. Each school year, she announces 1-2 available dates for these sessions and uses her **Activities Newsletter** as a way to spread the word to teachers & librarians about the dates. The dates are first come, first served once announced until the schedule is full. If you are interested, please feel free to join the **Activities Newsletter** at the top of Laura's website pages.
